**Our students and their learning are the focus of everything we do;
we pursue excellence and celebrate success.**

Dear Parents and Carers,

OFSTED Inspection Report, January 2016

I am sure that you will be delighted by our impressive Ofsted report. The judgement of 'good' in all the four areas of Ofsted scrutiny is a strong endorsement of the direction and success of the school and of the hard work, commitment and expertise of staff and governors. I hope you will enjoy reading the wealth of great comments.

Ofsted have recognised the significant improvement in our students' achievements since our last inspection in October 2013. We continue to be ambitious for student success across all abilities. We were moved to read in the report that, 'parents and their children are rightly proud of the school'. The overwhelmingly positive response to Ofsted Parent View was remarkable. All parents said that their children were 'happy' and made 'good progress' with 99% of parents recommending Kings as a school of choice to other parents. One parent stated that '(their child) has gained a love of learning at Kings'.

The Ofsted process demonstrated explicitly the realisation of the clear vision we have for Kings. Staff, parents and governors have subscribed to this vision of 'inspiring excellence' for our students, encouraging ambition and respectful relationships with each other, staff and the wider community. It is clear from the report that there is remarkable unity from all who work and serve at Kings and support Kings students.

Ofsted inspectors recognised that the school knew its strengths and this inspired confidence in how judgements were made, based on wide evidence from all members of the school community and from parents.

We know our areas for development and you will not be surprised to hear that there is already significant action in these areas.

Thank you for your considerable support of our school.

Yours sincerely

Mrs J Langley
